WILL ISSUE A PARDON

resident Roosevelt to Carry Out Agreement.

TRIAL WILL BE FORESTALLED

Chief Executive of the Nation Will See That Officials of the Chicago and Alton Railroad Company Will Not Be Prosecuted.

Washington, Sept. 5.—In the event that Judge Landis of Chicago ignores the immunity promise made by the administration to the Chicago and Alton railroad and succeeds in indicting the road and its officials for giving relatives to the Standard Oil company, President Roosevelt will issue a pardon before trial.

This information came direct from a government official who is in a position to know. Many precedents are found for such action. The administration entered into a fair and square deal with the Alton officials to give them and their road immunity in case they would turn state's evidence against the Standard Oil. The railroad officials did so, so the department of justice holds, and the administration proposes to stand by its agreement.

Judge Landis' apparent determination to ignore the immunity plea has enraged the officials at the department of justice, and they have fully decided that the government shall take no part in the investigation before the grand jury if Judge Landis orders one.

Must Follow Instructions.

District Attorney Sims must either follow instructions and dismiss the case against the Alton or lose his scalp. The administration will furnish no attorney to handle the case before the grand jury and will not pay the expenses of the one which Judge Landis would appoint.

And if the court continues to push the matter and force indictments, the president as a last resort will issue a full pardon to the accused before trial.

The department of justice is not satisfied with the report which District Attorney Sims made concerning the proceedings of the court Tuesday in continuing the case instead of dismissing it and Mr. Sims has been asked for additional facts.

He has also received notice that the government's side of the affair must be presented in open court at the first opportunity and that dismissal from office will be the penalty for failure to do so.

The position taken by Judge Landis has been disclosed to the government. In effect the judge believes that the department of justice is entirely too hasty in granting immunity. There is bare possibility, he figures, of the higher court upsetting the judgment by which he fined the Standard Oil company \$29,240,000 for receiving rebates from the Alton.

If this case should be reversed and sent back for trial the judge wants a full pardon for the Alton officials to make them testify again.

STATEMENT BY BONAPARTE

Attorney General Discusses the Standard Oil Case.

Lenox, Mass., Sept. 5.—Attorney General Charles J. Bonaparte Wednesday night issued a statement regarding the Standard Oil case in the Illinois court. The attorney general says: "On Aug. 14 Judge Landis asked, in substance, that the department of justice consider portions of the transcript of testimony in the case of the United States against the Standard Oil company of Indiana in order to determine whether the Chicago and Alton Railroad company, its officers and employees, were entitled to the benefits of an agreement assuring it and them of immunity against criminal prosecution in connection with the granting of certain rebates to the Standard Oil company.

"The department, in compliance with the desire of Judge Landis, examined the above mentioned records and carefully investigated the entire subject, and as a result of such investigation the attorney general on Aug. 29 wrote Edwin W. Sims, United States attorney at Chicago, informing him in substance that the agreement shown to have been made in June or July, 1906, by C. B. Morrison, Mr. Sims' predecessor in office; that Mr. Morrison's actions appear to have been duly authorized at the time by the department; that in the opinion of the department the arrangement had greatly facilitated the indictment and conviction of the Standard Oil company and that while certain portions of the evidence might be fairly open to unfavorable comment, the department regarded the government as bound in good faith and also as a matter of public policy, to give effect to the agreement.

Mr. Sims was instructed to read his letter when the grand jury convened Sept. 2 and to take such further action to the foregoing end as

might seem to the court and to himself appropriate in the premises.

"The department learns that Mr. Sims did not comply with these instructions by reason of his having had called to his attention very recently certain new and in his judgment material facts, which he thought should be submitted to the department for its further consideration before its conclusions should be finally announced. For this purpose he asked and was granted by the court a delay of three weeks. The department is not as yet advised as to what are the facts thus ascertained by Mr. Sims. It has great confidence in his sound judgment and devotion to duty and it awaits his report before taking further action in the premises. Inasmuch, however, as the circumstances of the case may be liable to misconception, it is deemed proper to submit now the present statement to the public."

FALLS ARE ILLUMINATED.

Beautiful Color Effects Are Produced on Niagara.

Niagara Falls, N. Y., Sept. 5.—For the first time the power of Niagara Falls was turned back Wednesday night to illuminate the falls themselves, lights aggregating 1,115,000,000 candle power thrown from thirty-six great lensed reflectors changing the tumbling mass of water into a sparkling cataract. Twenty-one fifteen-inch and fifteen thirty-inch searchlights set in batteries scattered along the gorge and the cliffs above on the Canadian side converged their rays first on the American falls and then on the Horseshoe. At first the light was white, but gradually into it crept a rose tint, then one of green, of yellow, of blue, until the foaming mass of water glittered with all the soft tints of the rainbow. So well were the lights managed that even under them the grace and the natural dignity of the falls did not suffer, but were enhanced.

A startling tragedy occurred on the upper steel arch bridge shortly after 9 o'clock. Hundreds of people had gone out on the bridge to get an unobstructed view of the falls under the searchlights. An unknown man in the crowd suddenly leaped upon the railing, stood poised for a moment and then leaped into the chasm. His body struck the water 192 feet below and disappeared in the rapids.

ROOSEVELT IN DULUTH.

Son of the President Arrives in the Zenith City.

Duluth, Sept. 5.—Theodore Roosevelt, Jr., son of the president of the United States, walked up to the desk at a local hotel Wednesday evening and inscribed his name, registering from Oyster Bay, N. Y. His arrival was expected and quarters had been reserved in advance for him by John C. Greenway, late captain in the Rough Riders, and other Duluth friends of the Harvard collegian.

Mr. Roosevelt was a passenger on the Pittsburgh Steamship company's steel freighter Morse, which arrived in the harbor at 9:30 p. m.

"I had a very pleasant trip from the lower lakes," was his only comment to waiting reporters.

Last Saturday night he was reported as dashing across Minnesota in a special train, en route to South Dakota for the opening of the chicken shooting season with Marvin Huggitt, Jr., son of the president of the Chicago and Northwestern railway. This report obviously is misleading, as he was then on the inland seas, bound for Duluth.

PROMINENT MEN INDICTED

Accused of Conspiring to Defraud the Government.

Boise, Ida., Sept. 5.—The indictment returned last April by the federal grand jury against Senator William E. Borah and other prominent men charging conspiracy to defraud the United States government, was served on the defendants Wednesday.

Besides Borah, the indictment includes Frank Martin, attorney general of Idaho under Governor Steunenberg; J. T. Barber and Sumner G. Moon, millionaire stockholders of the Barber Lumber company, residing in Wisconsin; J. I. Wells, P. H. Downs, John Kincaid, L. M. Pritchard, William Sweet, Albert M. Palmer and H. S. Rand. John Doe and Richard Roe (defendants unknown to the grand jury) also appear in the indictment.

The indictment charges that these persons entered into unlawful conspiracy in September, 1901, and various other times to secure by fraudulent entry timber lands in Boise county, Idaho.

Senator Borah has been accorded a separate trial.

Minnesota Postoffice Robbed.

Perley, Minn., Sept. 5.—Using a blast that nearly wrecked the building and aroused almost the whole town, three masked men cracked the safe in the local postoffice, took out \$250 worth of stamps and about \$40 in cash and made a safe getaway. They intimidated with revolvers such citizens as showed a disposition to hinder them in their flight. The stamps were later found in a barrel back of the postoffice.

WIDOW IS ARRESTED

Mrs. Phillips Accused of Killing Her Husband.

WOMAN NOW UNCONSCIOUS

Collapsed and Was Unable to Attend the Funeral of the Man That She Is Charged With Murdering—Asserted a Burglar Committed Crime.

Cleveland, Sept. 5.—Developments in the investigation of the death of John I. Phillips, coal operator, broker, banker and clubman, took a sensational turn when Mrs. Phillips, widow of the deceased, was arrested Wednesday by Chief of Police Stamberger in the aristocratic suburb, East Cleveland. Mrs. Phillips has been in a highly nervous state since the tragedy early Monday morning, after which announcement was made that her husband had been mortally wounded by a burglar. Wednesday afternoon she collapsed and was not able to attend the funeral, which took place from the home with only immediate relatives present. It was shortly following this that Chief Stamberger announced that after a conference with Deputy Coroner Houck, who had conducted the inquest, Assistant Prosecutor McOney and others, he had taken the widow into custody and that four deputies would guard her in her home until she recovers sufficiently to be taken before a justice of the peace.

The police are reticent about the case and whether they really believe Mrs. Phillips culpable in the murder or whether they merely believe that she can give facts which would solve the mystery does not appear. The inquest was resumed Wednesday.

Dr. C. L. Richardson, the first witness, testified he had not been summoned until 4 a. m., more than three hours after Phillips was shot. He had been called by telephone. Mrs. Phillips admitted him to the house. She exclaimed:

Killed by a Burglar.

"Oh, doctor, something dreadful has happened; Mr. Phillips has been shot by a burglar."

He found the wounded man in bed. He called Dr. Rhodes. Phillips asked them to leave the bedroom a minute as he wished to talk with his wife. Husband and wife were together alone for perhaps two minutes. He said there was a trace of blood on the stairway. The bed in which Phillips was found was much stained by blood. When the doctors reached Phillips they realized immediately, Dr. Richardson said, that he could live but a short time. He had told them both he wanted as little notoriety as possible given the affair.

While the funeral arrangements were in progress Wednesday the police ransacked the house in search of the revolver or other evidence in connection with the case, but as far as is known discovered nothing.

Phillips' secretary reiterates his belief that with the life insurance policies the estate would pay all of Phillips' debts and possibly leave something for the family. The policies, however, have so far not been found.

Late Wednesday night Chief of Police Stamberger made public a warrant which was issued by Justice Brown of East Cleveland, charging Mrs. Phillips with murder in the second degree. Up to a late hour Mrs. Phillips had not regained consciousness.

FIFTY FAMILIES IN PERIL.

Incendiary Fire Damages a Hotel at Columbus, O.

Columbus, O., Sept. 5.—Fire, which it is thought was of incendiary origin, gutted the Normandic hotel occupied by fifty families. All the occupants made their escape, although many got out only by the narrowest margin. Within a week there had been two mysterious fires in the hotel and when the alarm sounded again Wednesday night the people rushed for the stairways and fire escapes. The loss is \$200,000 on building and contents.

SEVEN KILLED AND TEN HURT

Lightning Splits Tree, Which Falls Onto a Group of Men.

Raleigh, N. C., Sept. 5.—A lightning stroke at Buckhorn Hills, Chatham county, killed seven men and injured ten. Seventy men had sought shelter in the Buckhorn Falls power plant. Lightning struck a large tree, which split and fell over the building, killing two white men and five negroes and injuring three whites and seven negroes.

Thieves Steal Trolley Wire.

Milwaukee, Sept. 5.—Milwaukee and Northern railway officials have reported to the Milwaukee police that 25,000 feet of trolley wire, covering five miles of roadway between Milwaukee and Cedarburg, had been cut down and carried away by thieves. The property is valued at \$3,000.

LOST THEIR NERVE.

Masked Men Gave Up Attempt to Rob Minnesota Bank.

Felton, Minn., Sept. 5.—After getting the drop on Clerk E. H. King of the local bank, three masked men made a hurried exit from that institution early Wednesday morning without attempting to accomplish the robbery which they evidently had intended.

Mr. King sleeps in the bank building and some time after midnight was aroused by the breaking in of the front door. As he stepped in front of the opening he encountered three masked men, who instantly covered him with revolvers and ordered him to throw up his hands and make no noise. They then warned him that instant death would follow any attempt to give an alarm, backed quickly out of the building, leaped into a rig and drove swiftly away without being caught.

Mr. King was able to give an excellent description of the men, and this has been sent to the police of surrounding towns.

BODY IS IDENTIFIED.

Man Killed by a Train in Illinois Escaped From Insane Asylum.

Kankakee, Ill., Sept. 5.—A man whose body was found Tuesday night scattered for three miles along the track of the Illinois Central railroad near Clifton has been identified by Superintendent J. L. Greene of the state insane asylum here as Alfred S. Steinnamier, twenty-three years of age, who had been a patient at the asylum for twelve years. He was an epileptic, and it is believed that he fell in a fit on the railroad track and was run over by a train. Steinnamier escaped from the asylum Tuesday afternoon.

His father is said to be Louis C. Steinnamier of 1311 Broadway, Kansas City, Mo.

Three negroes were arrested at Champaign on suspicion of having murdered the man. They were William Mansfield, S. J. Law and Joseph Hesby, who said they were stealing a ride from Chicago to Cairo.

LOUIS GLASS SENTENCED.

Convicted Briber Gets Five Years in the Penitentiary.

San Francisco, Sept. 5.—Louis Glass, vice president and former general manager of the Pacific States Telephone and Telegraph company, convicted last week of bribery, a crime whose extreme punishment in this state is fourteen years, Wednesday was sentenced to five years' imprisonment in San Quentin penitentiary. Only lawyers and newspaper men witnessed the imposition of sentence.

After his attorney had been granted a thirty-days' arrest of judgment within which to apply for bail and begin an appeal, Mr. Glass was removed by the sheriff to the county jail.

The crime for which Glass was sentenced was the bribing of Supervisor Thomas E. Lonergan in the sum of \$5,000 to vote against the application of the Home Telephone company for a franchise in this city.

VERDICT FOR DEFENDANTS

H. H. Rogers and Charles Pratt Win Suit for Millions.

Boston, Sept. 5.—A verdict was given for the defendants, Henry H. Rogers and Charles Pratt of New York, by Auditor Winfield S. Slocum in the supreme court in a suit brought by Cadwallader M. Raymond of Somerville to recover \$50,000,000 alleged to be due as royalties for the use of a process for rendering petroleum and its products non-explosive.

It was represented by the defense that the formula is of no value and did not render the products non-explosive, according to experiments by Hiram Maxim; that the contract was terminated in January, 1875, Benjamin F. Greenough, with whom the original contract was made, agreeing and finally, the defendants pleaded the statute of limitations. The auditor decided that the formula did not perform what was claimed for it.

TAFT'S DEPARTURE DELAYED

May Result in Postponement of Opening of Philippine Assembly.

Missoula, Mont., Sept. 5.—Secretary of War Taft has been notified that the steamship Minnesota, upon which he is to sail for the East, will leave Seattle on Sept. 12. She was scheduled to sail Sept. 10.

The delay will bring him to Manila at least two days too late for him to preside at the first session of the new Philippine assembly, which convenes on Oct. 16. The Philippine commission probably will change the date to Oct. 20 instead of Oct. 16.

Michigan Boy Drowned.

Menominee, Mich., Sept. 5.—While swimming in the Sturgeon river near Hardwood in this county, sixteen-year-old Joseph Marcotte was seized with cramps and drowned before his mates could rescue him. After a search of two hours the body was recovered.

Ladies' Sweaters

A beautiful line of ladies' sweaters in the best colors and in the best styles are now shown. These are most serviceable fall garments. We trust that you will find time to see them.

H. F. MICHAEL CO.

Children's Sweaters

A garment for boys and girls that will give much service and lots of comfort. A very economical garment for any child. We are now showing the new fall line.

Now will you smile! Rough dry at three, four and five cents a pound. Flat goods ironed for the same price. Laurel Laundry. 63tf

Pure ingredients are what count. That is the reason of the superiority of Hunt's Perfect Baking Powder and Extracts. Everything used to make it is pure.

The bed spread upon which Mrs. H. H. Rosenberg has been selling tickets will be raffled on Saturday night, at 7:30 o'clock, at M. J. Reis' store on Seventh St.

C. E. Anderson went to Hopkins this morning. It is reported that he is negotiating the sale of his restaurant here to Charles Ralston, and went to Hopkins to look at another location.

Peter Reinstadler is reported very sick at the home of his sister, Mrs. Charles McLean, in Minneapolis. His mother and two sisters, Mrs. W. P. Pirie and Mrs. Joseph Murphy, have gone to his bedside.

Miss Louise Boppel was very pleasantly surprised Tuesday afternoon by her fellow members of the Episcopal choir, and the afternoon was very pleasantly spent. Light refreshments were served and there were kodak pictures taken of the entire company. Miss Boppel will leave next week for Red Wing to attend school.

Have you seen those heavy 'Bear Skin' stockings at M. J. Reis's— 15c Per pair.

NATIONAL ENCAMPMENT

Commander Healey Receives Orders Relative to National Encampment of the G. A. R.

Post Commander Healey has received general orders from the department commander of the G. A. R. relative to the national encampment, which convenes next week. The official train will leave Minneapolis at 3 o'clock and St. Paul at 3:30 Saturday afternoon and arrive in Saratoga Sept. 9th. The fare from the twin cities will be \$29.90. Standard sleeper berths will be \$6.50 and tourist sleeper berths \$3.25. Anyone, whether comrades or not, will be welcome on the official train.

Stops itching instantly. Cures piles, eczema, salt rheum, tetter, itch, hives, herpes, scabbies—Doan's Ointment. At any drug store.

NORTH LONG LAKE

Rev. J. F. McLeod preached in the school house Sunday.

Mrs. John Gibb went to Minneapolis Saturday to visit her daughters, Barbara, Margaret and Emma and her son William, also to take in the state fair.

Duncan Thompson went to Duluth Saturday to visit relatives, returning Tuesday noon.

Quite a number of the young people spent Thursday evening at Hansens.

Mrs. Hughey, son Harry and little Mary took a delightful trip of 15 miles down the Mississippi river Labor Day with Mr. and Mrs. Rhodes, Mr. and Mrs. Budd, little Minnie Budd and Mrs. Budd's sister, Grace Rasmus, of Wisconsin, in the Rhodes and Budd launch.

We wish to extend congratulations to Mr. and Mrs. Edward Thelander and wish them a long and happy life.

L. P. White spent Sunday with J. E. Hughey.

J. Gibb is moving Wm. Johnston's barn onto a new foundation.

Lex and John Thompson were visiting Gean and Laurie Caghey the first of the week.

Mr. and Mrs. Joe Ackerson were visiting at Thompson's Sunday.

COUNTRY COUSIN.

For a mild, easy action of the bowels a single dose of Doan's Regulents is enough. Treatment cures habitual constipation. 25c a box. Ask your druggist for them.

MINNESOTA HUNTER DROWNED.

Morris, Minn., Sept. 5.—While swimming to "bag" a duck which he had shot, Robert Colyer of this city was drowned in Long lake. He was twenty-one years old and was a graduate of the University of Minnesota.

NOKAY NOTELETS

Car Cooley and family visited Brainerd on Sunday and Monday.

Andrew, Ole and Elmer Tolefson and Fred Hanson left for the Dakota harvest fields last week.

Chas. Cameron and family visited in Esdon on Sunday.

Henry Brockway made a trip to Brainerd on Monday.

Monday was Labor Day out here too. The flag floated on top of the big hill.

Mrs. Roy Dickenson and daughter Pearl are spending a few days at J. H. Dickenson's.

Chas. Cameron and family went to Brainerd on Tuesday to attend the wedding of his sister, Miss Lottie Cameron.

Joe Edwards, Miley Heath and Wm. Gergen are harvesting thro the surrounding country.

School opened here on Tuesday morning with Miss Muriel Rose in charge.

Fred and Sidney Dunlap, Alex Thomson and Dr. Green, all of Duluth, composed a hunting party, who pitched their tent near J. H. Dickenson's for a couple of days this week. They found chickens few and far between and returned to Duluth rather discouraged.

The Yoeman gave a dance last Saturday evening, but owing to its not being advertised, the attendance was small.

Miss Rose will board at the Brockway home instead of at Dickenson's as former teachers have done.

Sam Spohn left Wednesday for the Dakota harvest fields.

Miss May Laurel went to Duluth last week.

The woods are full of sportsmen and shots are flying so thick and fast that it is not safe to roam about (unless you are a prairie chicken.)

THE TATTLER.

DEERWOOD NOTES

School opened on Tuesday with Miss Marjorie Archibald of Long Lake, Minn., as teacher of the upper room and Dalie Wetzel, as teacher of the primary department.

Miss Lena Olson and her sister Mrs. Lee went to Brainerd on Saturday, returning on Sunday.

Mrs. Wm. Reid spent Wednesday last between trains in Aitkin.

Miss Katie McCarville spent Wednesday between trains in Brainerd.

Mrs. Cuyler Adams was taken to the hospital in Duluth a week ago Saturday accompanied by Mr. Adams and Miss Morford.

Mrs. Paul K. Wetzel and daughter also Miss Dalie Wetzel spent a week in Duluth shopping and seeing the sights.

Mrs. O. C. Coffin has been quite sick for about a week, but she is now very much improved and able to be about again.

Mrs. Otto Wasserzieher came in from Bay lake to spend a few days with her daughter, Mrs. O. C. Coffin.

Mrs. Frank M. Gormley and children went to Superior on Thursday to visit for a couple of weeks with Mr. Gormley's parents, before leaving for Montana.

Miss Olga Wetzel, Miss Dalie Wetzel and J. W. Schenck spent Saturday between trains in Duluth.

Henry Olson has been on the sick list.

The Andersons and Johnsons from Duluth, who have been camping here for two weeks, returned to Duluth on Monday.

Mrs. W. E. Milberry went to Duluth on Tuesday.

Miss Emma Harve left last week for a month's visit with relatives in Wisconsin.

Mrs. H. J. Hage returned last week from a two weeks visit with relatives in Wisconsin.

Miss Eva Croslier went back to Duluth on Saturday after spending a few days visiting with Miss Maude Hage.

Rev. Wolden from Duluth preached in the Methodist church on Sunday.

Miss Little Zahm left Saturday for St. Thomas, N. D., after spending two weeks at the "Tourist Home" on Serpent lake.

Misses Caroline and Hortense Zahm will leave this week for St. Paul to resume their school work in Merriam Park.

Miss Olga Wetzel left Monday p. m. for Grand Rapids, Minn., to continue her work as teacher of the 8th grade, after spending her summer vacation at the home of her brother, Paul K. Wetzel.

Miss Marietta Fogelstrom went to Anoka on Saturday, where she will attend high school. She will be greatly missed as she was prominent in all school and church work. We wish her the best of success in her new home.

Miss Florence Carlson went to Duluth on Thursday last, where she entered the business university.

Prof. Andrew Onstad, of Williston, N. D., has been visiting at the home of Paul K. Wetzel for the past week.

Mr. and Mrs. C. E. Benson went to Minneapolis on Sunday to take in the state fair and do some shopping.

Miss Olga Carlson is taking care of the Benson children during the absence of Mr. and Mrs. Benson.

Mr. and Mrs. John Swanstrom returned from Duluth on Sunday after spending a few days visiting with relatives and friends.

Mrs. Chas. Erickson and children went to Duluth on Saturday last and spent a few days visiting with relatives and friends.

Miss Carroll and the Misses Blackmere from Duluth are spending a couple of weeks visiting at the home of R. B. Coffin.

The M. E. Ladies Aid netted \$26.05 at the lecture recently given by Chas. W. Seymour of New York City.

Robert Schenck is having his throat treated by Dr. Thabes, of Brainerd.

Miss Marjorie Archibald, of Long Lake, Minn., came up Sunday and is domiciled at the home of R. B. Coffin.

Peter Brandt has begun the addition to the old school house which the Scandinavian Ladies Aid will use for a kitchen and the other part for a dining or serving room. Mr. Irwick has been doing the mason work.

Rev. Parish will attend the dedication of the church at Graham on Sept. 15th.

Albert Angel and family from Brainerd came down on Monday for a few days outing.

At St. Louis, H. J. Handy of Chicago won the A. A. U. ten-mile swimming contest, covering the distance in 1 hour, 40 minutes and 4 seconds.

Monroe Graham, who was a dispatch bearer and courier in the Civil war and who rode with General Sheridan during the famous ride from Winchester, is dead at Villago Green, Pa.

"Dr. Thomases' Eclectric Oil is the best remedy for that fatal disease—croup. Has been used with success in our family for eight years."—J. H. Walker, Salesbury, Ohio.

Save Your Linens!

Inferior starch is ruinous to fine linens, laces and all other fabrics. It shortens the life, destroys the beautiful fresh appearance and causes them to go to pieces. The one and only way to be sure of quality in starch is to get the genuine

KINGSFORD'S OSWEGO

Silver Gloss Starch

No acids or harmful elements enter into its manufacture; absolutely will not affect any fabric or color. Produces a pure white, rich finish of beautiful subdued lustre that is more lasting than any other. Never causes goods to turn yellow. Superior penetrating qualities. Most economical. The standard of quality for over half a century.

BEST FOR ALL KINDS OF STARCHING.
For general use boil as directed. For light starching unequalled as a cold water starch, requiring no boiling.
Made for over fifty years at Oswego. All grocers, in full-weight packages.

Ticket Sales in Brainerd for May, June, July and August Exceed 1906

ONE MONTH ONLY WAS LESS

That Month and One Other no Interline Tickets Were Sold in 1907

That the two cent railroad fare has not materially reduced the revenues of the Northern Pacific from its passenger service would seem to be indicated by the ticket sales at Brainerd for the four months just closed as compared with the same months in 1906.

The figures are as follows:

	1907	1906
May	\$ 5,090 21	\$ 5,003 56
June	5,814 78	6,178 17
July	7,285 37	6,235 19
August	8,126 03	7,713 79

Total \$26,376 34 \$25,130 76

At a glance it would seem that in June of this year there was a slump from the sales of last year, but that falling off is apparent rather than real. In May and June 1907 there were no inter-line tickets on sale, the Northern Pacific during those months selling no tickets whatever over any connecting lines and to points on other lines in other states. Besides in 1906 there were one or two excursion rates on that stimulated sales. There has been no additional train service put on out of Brainerd in that time and appearances would not indicate any extra expense in handling the additional people required to make up the greater receipts at the lower rate.

Health in the Canal Zone

The high wages paid make it a mighty temptation to our young artisans to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, biliousness, weakness and all stomach, liver and kidney troubles. Guaranteed by H. P. Dunn & Co druggists. 50c.

PINE RIVER FAIR

Special Train to be Run up From Here on Wednesday, Oct. 2nd Returning Same Evening

Pine River is planning more extensively than ever for her fair this year. The exhibit will take place on the first and second days of October and it is expected that there will be a big display of agricultural exhibits as well as a good race program and other sports. The society has made arrangements for a special train on the Minnesota & International to leave Brainerd on the morning of the second and return to this city the same evening, thus making it very convenient for our people to attend their fair. There will probably be many who will take advantage of the train.

A Humane Appeal

A humane citizen of Richmond, Ind., Mr. U. D. Williams, 107 West Main St., says: "I appeal to all persons with weak lungs to take Dr. King's New Discovery, the only remedy that has helped me and fully comes up to the proprietor's recommendation." It saves more lives than all other throat and lung remedies put together. Used as a cough and cold cure the world over. Cures asthma, bronchitis, croup, whooping cough, quincy, hoarseness, and phthisis, stops hemorrhages of the lungs and builds them up. Guaranteed at H. P. Dunn & Co's drug store. 50c and 1.00. Trial bottle free.

BEAUTIFUL HOME WEDDING

A Popular Crow Wing County Teacher Falls a Victim to Cupids Darts

Mr. Edward Thelander, of Great Falls, and Miss Laura Wager, of this city, were married last night at the home of the bride's mother, Mrs. F. C. Wagar, on South Seventh St. The rooms of the dwelling were tastefully decorated for the occasion in green and gold, produced by mingling in rich profusion beautiful sprays of asparagus with the brilliant golden glow. The happy couple entered the parlor while the wedding march was softly played on the piano by Mrs. F. L. Voerge, of Livingston, Montana. The solemn and impressive ceremony of the Presbyterian church was read by Rev. J. F. McLeod of that church. The bride, one of the most popular and successful teachers of the public schools was attired in white silk and carried bridal roses. The bridesmaids were Miss Ivy Wagar, a sister of the bride, and Miss Emma Thelander, a sister of the groom, and were gown in pink organdie and carried white carnations. The groom was attended by Mr. Herman Anderson of Waverly, Minn., and Mr. Carl Olson of this city, both wearing conventional black. After the ceremony an hour was spent in congratulations and social conversation after which light refreshments were served.

The bride and groom were the recipients of many elegant presents. About 75 guests were in attendance. Those present from out of town were Harvey Wagar, of Spokane, Herman Anderson, of Waverly, Mrs. F. L. Voerge, of Livingston, Mont., and Miss Pearly, of Kansas City.

Mr. and Mrs. Thelander will make their home in Great Falls, Montana, where Mr. Thelander has a lucrative position with the Great Northern Railway.

The Touch That Heals

Is the touch of Bucklin's Arnica Salve. It's the happiest combination of Arnica flowers and healing balsams ever compounded. No matter how old the sore or ulcer is, this Salve will cure it. For burns, scalds, cuts, wounds or piles, it has no equal. Guaranteed by H. P. Dunn & Co. druggist. 25c.

Heavy impure blood makes a muddy, pimply complexion, headaches, nausea, indigestion. Thin blood makes you weak, pale, sickly. Burdock Blood Bitters makes the blood rich, red, pure—restores perfect health.

HON. J. H. LINNEMANN DEAD

Father of Henry W. Linnemann and Mrs. L. M. Koop Died at his Home in St. Joseph Wednesday

Henry W. Linnemann received the sad news by telephone last evening that his father, Hon. J. H. Linnemann, of St. Joseph, Minn., had just died. He was about 83 years of age and death came as a result of old age.

Mr. Linnemann and his wife and Mrs. L. M. Koop went down this morning, while J. W. and J. H. Koop went down this afternoon. Alphonse Linnemann also came down from Duluth today and went to St. Joseph. Mr. and Mrs. George Murphy will go tomorrow morning to attend the funeral, which will take place Saturday morning at 9 o'clock.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O.

Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

COUNTY COMMISSIONERS

Proceedings of the Board of County Commissioners Meeting Held Sept. 3rd, 1907

Board met at auditor's office at 10 o'clock a. m. Present Commissioners Erickson, Andrews, Rpid and Krech. Absent Commissioner Crust.

Upon reading of the minutes of last meeting same were approved as read with this alteration: In designating the provisions of the contract with Si Hall in regard to use of vacant lots, it was the sense of the board that said Hall should build the fence for use of lot one year.

The following report of the superintendent of the county farm was read and approved, and ordered placed on file:

Farm credit by sale of produce—
4730 pounds of hay..... \$ 18 92
10 gallons of cream to Graham..... 8 00
Old cream separator to Armstrong..... 10 00

Farm Debtor—
John McCulloch, Supt..... \$ 50 00
Sam Bassford, labor..... 30 00
Ralph Durham, labor..... 30 00
Nola Morris, domestic..... 10 00

Present number of inmates..... 1
Average for the month..... 1
Credit by keeping of same 31 days at 40 cents..... 12 40

Application of Hiram Woodson, for refundment of taxes paid on lot 7, section 22, township 137, range 25, for years 1904 and 1905, in the amount of \$9.60, was recommended to the Minnesota Tax Commission, same being government land at time assessed.

Motion made and carried, that the report of L. E. Garrison, engineer in charge of the work on bridge across Pine River in section 9, township 136, range 27, be accepted and contractors paid.

Question of the condition of the court house roof was discussed and the janitor was directed to have the same inspected and report at the next meeting as to the advisability of repairing it or putting on new roof.

Motion made and carried, that the auditor be instructed to notify the state auditor that the bridge on Pine river was completed and paid for, and to make a request for the special appropriation from the state of \$200 for this bridge and also a balance of \$1,100 from the general road and bridge fund allowed to this county.

Upon motion duly carried the superintendent of highways was directed to prepare plans and specifications for the bridge across the Bay lake narrows and submit the same at the next meeting.

Motion made and carried, that an appropriation of \$50 be made from the road and bridge fund to the town of Deerwood to aid in building road in sections 34 and 35, recently laid out by the county.

An appropriation of \$100 was also made from the same fund (for the town of Rabbit Lake) to be used on road between sections 25 and 36 in said town.

Petition was read from fifty or more citizens of Pequot and vicinity asking that an appropriation of \$200 be made to the Crow Wing County Agricultural Society to be applied toward giving premiums for farm products at the fair to be held at Pequot, September 25th and 26th. After considerable discussion, Commissioner Krech moved that \$150 be donated from the county funds for that purpose.

Motion was amended to the effect that said appropriation be made subject to the approval of the county attorney as to legality.

Motion carried.

Bond of L. E. Garrison, county superintendent of highways, in the sum of \$1,000, with the Banker's Surety company, of Cleveland, Ohio, as surety, was approved, his salary to take effect for month of Sept.

Petition for a new school district in the town of Emily came up for final hearing. Proof being offered that publication and posting of notices had been done according to law, and no remonstrance being made against said petition, upon motion it was granted; said district to be composed of the following territory: Sections 18, 19, 29, 30, 31 and 32, s. 2 of 20, s. 2 of 21 and west half of 28, all in township 138, range 26. Said district to be known as No. 100.

In the matter of the petition for the so-called Stropp road, in township 135, range 27, and township 135, range 28, it was shown that the notices had been legally posted and the report of the committee appointed to inspect the route being favorable, motion was made and carried, to grant the petition and road was ordered surveyed.

Engineer's final acceptance on contractor's work on No. 13 ditch came up for hearing. Several residents along the ditch appeared and complained that the ditch as completed would not drain the lakes down the desired depth, a motion was made and carried, that engineer's report be rejected. Motion carried that surveyor's report on the Nels Larson road be accepted and road established.

Surveyor's report on the Temple road was upon motion laid over until the next meeting.

Surveyor's report on the Bay Lake-Deerwood road was upon motion duly carried, accepted.

Motion made and carried, that the auditor be instructed to advertise for bids on 15 tons of stove coal for use of

sheriff's residence and jail, said bids to be opened at the next regular meeting. Motion carried that the auditor be directed to notify O. F. Doyle, contractor on ditch No. 11, to have the work completed at once according to the contract.

Residents of Oak Lawn appeared and entered complaint that the appropriation of \$75 made by the county to the town of Oak Lawn to be used in section 24, had been misused, that the work did not amount to that much expenditure. The following resolution was introduced and carried:

Resolved the board of county commissioners of Crow Wing county duly assembled that Louis Garrison, county superintendent of roads, of Crow Wing county, be, and he is hereby duly authorized and directed to investigate the appropriation made by the county of Crow Wing to the town of Oak Lawn, October 2nd, 1906, in the amount of \$75 to be expended on roads in section 24, in Oak Lawn and the amount expended and the amount of the work done with said appropriation, and report to this board at its next regular meeting.

The following bills were allowed:

Andrew Anderson, work on ditch No. 10..... \$ 15 00

Pioneer Press Co., mortgage record book..... 25 00

Gust Linstrom, assisting in survey of roads..... 6 00

R. J. Wetherbee, meals for engineer and crew on ditch No. 14..... 33 70

L. E. Garrison, work on road record book..... 7 50

J. A. Wilson, superintendent of schools, postage and expense for July and August..... 23 75

M. W. Welch Manufacturing Co., classification registers for superintendent of schools..... 18 75

Geo. H. Gardner, taking testimony in case of state vs. George Brown..... 16 00

Miller Davis Printing Co., books, blanks and stationery..... 3 20

Brainerd Dispatch, printing..... 38 74

Brainerd Arena, printing..... 4 70

Morrison county, expense conveying Harry Olson insane, to Fergus Falls asylum..... 20 77

City of Brainerd, fees in state cases for month of July 1907..... 18 25

City of Brainerd, electric light rental court house and jail..... 4 43

F. Hermanson, assisting surveying roads..... 3 00

Nels Larson, assisting surveying roads..... 3 00

G. W. Adair, assisting surveying roads..... 3 00

L. E. Garrison, surveying roads..... 10 00

F. V. Bergland, assisting survey of roads..... 6 00

Bert Skillings, assisting survey of roads..... 4 00

C. R. Skillings, assisting survey of roads..... 6 00

Arthur Orr, assisting survey of roads..... 2 00

L. E. Garrison, surveying roads..... 20 00

Sam Bassford, labor poor farm August..... 30 00

Ralph Durham, labor poor farm August..... 30 00

Nola Morris, domestic poor farm for August..... 10 00

City of Brainerd, fees in state cases..... 11 15

Pequot Enterprise, printing..... 3 00

Brainerd Tribune, books, blanks and stationery..... 8 50

J. P. Barney, transportation of pauper..... 1 27

L. E. Garrison, superintending building bridge in section 9, township 136, range 27..... 20 00

Albert Angel, overpayment on consignment of straw from poor farm, error in weighing..... 4 82

John Liljendahl, supplies poor farm..... 8 60

Robert and Homer Andrews, balance due on bridge contract section 9, township 136 range 27..... 948 00

Bill of the Security Blank book and Printing Co. in the sum of \$16.30 was rejected.

The following bill were laid over for investigation:

R. K. Whiteley, inspecting ditch No. 13..... \$ 5 85

James Smith, meals to jurors..... 6 50

C. H. Turner, damages account road..... 50 00

A. G. Trommald, postage..... 15 00

Pioneer Press Co., blanks for sheriff..... 4 40

A. J. DuFrene, horse medicine..... 1 00

It was decided that bills of engineer on ditch No. 14 would not be considered until after viewers report was in.

On motion meeting adjourned.

J. F. SMART, County Auditor.

MARRIAGE LICENSES

The following marriage licenses were issued by the clerk of the district court for the week ending Wednesday, September 7th:

Elmer J. Allard and Lottie V. Cannon.

R. J. Tinkelpaugh and Kathrine Keene.

Hoken A. Lensrud and Mabel Loretia English.

Ed. Theilander and Laura Wagar.

OUR SHOE STOCK Must be Closed Out in Two Weeks

¶ We have an immense stock of shoes which must be closed out in two weeks and as a consequence we are making prices here-to-fore unheard of in this city.

¶ The stock consists of Ladies' Children's and Men's Shoes and are all standard makes. Come in and look them over.

A. E. MOBERG

218 South 7th St. Brainerd, Minn.

TO THE PUBLIC

A long, cold winter is close at hand and a shortage of fuel is predicted by the railroad company. We have been hustling all summer to get in shape to supply the large demand which is sure to be made upon us as soon as the cold weather sets in. We have been able to secure about 2000 cords of wood which, together with what we can still get, will no doubt help out with the wood question.

Regarding the coal problem--We are now in a position to take care of all orders both large and small, that we may be favored with. Our first order for 15 cars has just commenced to arrive and we shall have others coming just as fast as we can unload them. As all our coal is weighed on the city scales by the city weigh-master you need have no fear of getting short weight.

Thanking you one and all for past favors and hoping for a continuance of the same, we remain,

Yours truly,

H. H. HITCH CO.

TO RE-OPEN

MILL SCHOOL

Board of Education Decided

Tuesday Evening that This was Necessary

REDUCES INTEREST MATERIALLY

Board to Pay Thirteen Thousand

Dollars of Bonds and Refund Others

The board of education at its adjourned regular meeting on Tuesday evening decided that in view of the fact that every house in the Mill district was occupied it would be necessary to re-open the Mill school. An attempt will be made to take care of the children in the three lower grades in one room but it may be necessary to re-open both rooms.

The board also made arranged to refund \$12,000 of the \$25,000 of six per cent. bonds which came due January first next. These bonds will be refunded by a state loan at 4 per cent. The other \$13,000 will be paid out of the sinking fund. This will make a total reduction in the interest account of \$1020.00 per year.

The board instructed the building committee to repair the damages to the roofs of the buildings caused by the recent storm.

Lost and Found

Lost, between 9:30 p. m., yesterday and noon today, a bilious attack, with nausea and sick headache. This loss was occasioned by finding at H. P. Dunn & Co's drug store a box of Dr. King's New Life Pills. Guaranteed for biliousness, malaria and jaundice. 25c.

TWO MORE DRILLS

Report that Longyear People will Put Drills on Bouck Property South of Brainerd

A mining engineer and two or three assistants are said to be at work on the Bouck farm south of this city selecting locations for drill holes. One of them stated to a Brainerd business man, while purchasing supplies, that there would be two drills started on that place in the very near future. The Bouck place is only about two miles south of the city.

BEAUTY

IS THE FIRST PRESENT
Nature Gives to Women
AND THE FIRST TO BE
TAKEN AWAY

During the summer ladies should correct the bad effects on their skin from the hot, burning sun by using E. Burnham's celebrated toilet requisites.

BURNHAM AT A GREAT EXPENSE, HAS PREPARED A BOOKLET WHICH IS FULLY ILLUSTRATED, WHICH WILL TEACH THE LADIES HOW TO USE HIS DIFFERENT REQUISITES SCIENTIFICALLY IN THE PRIVACY OF THEIR OWN HOME. THIS BOOKLET SHOULD BE IN THE HANDS OF EVERY LADY.

Burnham's Cucumber Cream is a skin cleanser and beautifier. It is a much more effective cleanser than soap and water, as it enters the pores and removes all impurities, such as blackheads, pimples, tan and freckles, leaving the skin soft and velvety.

Burnham's tan and freckle lotion removes tan and freckles and keeps the skin soft and white.

E. Burnham's Skin Bleach removes sallowness, tan, moth patches, and all blemishes of the skin, leaving it soft and white. It acts quickly and is perfectly harmless, and does not irritate the skin.

E. Burnham's Skin Tightener is a wonderful remedy where the skin is loose and flabby. These are only a few of the many face preparations which we manufacture.

E. Burnham's Hand Massage Cream makes the hands white, soft and beautiful.

E. Burnham's Cream Nails Enamel, in cake form, gives a lasting and beautiful polish and preserves the nails.

E. Burnham's Hair and Scalp Tonic cleanses the scalp of all impurities, cures dandruff, prevents the hair from falling, promotes its growth, and renders it soft and glossy.

Burnham's Antiseptic Liquid Shampoo should be used freely during the summer. It stimulates the roots of the hair and leaves it soft and glossy and is preferable to any other shampoo.

E. Burnham's Gray Hair Restorer (not a dye) will gradually change gray and faded hair to its original youthful color.

E. Burnham's Curling Fluid keeps the hair in curl.

E. Burnham's Foot Comfort Powder relieves tired, aching, swollen feet, and should be used freely during the summer months.

E. Burnham's Talcum Powder should be used in preference to all others.

These are only a few of the many toilet requisites which are thoroughly explained in our little booklet, "HOW TO BE BEAUTIFUL," which will teach you the art of Massage, and which will be sent free to anyone upon application.

A sample bottle of our Cucumber Cream, and also a sample bottle of Gray Hair Restorer or Hair Tonic will be sent to anyone on receipt of 10c to cover mail charges, or will be given out free to anyone by any of our numerous agents, or will be given out by E. Burnham, 70-72 State St., the largest toilet and hair goods manufacturer in the world.

NO DAMAGE WAS DONE.

Reports of Severe Storms in the Gulf Region Untrue.

New Orleans, Sept. 5.—Reports of severe storms in the Gulf region Tuesday night, which circulated in private telegrams, are not borne out by dispatches now arriving from the region affected.

Electrical disturbances made telephone and telegraph wires useless for several hours and a high wind caused serious apprehension, but did no damage.

Will Meet at Louisville.

Indianapolis, Sept. 5.—The Federation of Postoffice Clerks adjourned Wednesday after planning an extensive campaign of organization. The next meeting of the federation is to be held at Louisville.

"Have you many friends?"

"Yes, everybody who lends me money is my friend. Do you wish to become one?"—Lustige Blätter.

The Girls Were Still One Ahead.

A young and bashful professor was frequently embarrassed by jokes his girl pupils would play on him. These jokes were so frequent that he decided to punish the next perpetrators, and the result of this decision was that two girls were detained an hour after school and made to work some difficult problems as punishment.

It was the custom to answer the roll call with quotations, so the following morning, when Miss A.'s name was called, she rose and, looking straight in the professor's eye, repeated, "With all thy faults I love thee still," while Miss B.'s quotation was, "The hours I spend with thee, dear heart, are as a string of pearls to me."—Ladies' Home Journal.

He—When I leave you tonight I am going to take you in my arms and kiss you. She—Dear me, how late it is getting!—Chicago Record Herald.

AT MOROCCAN PORTS

France and Spain May Have to Land Troops.

IN BATTLE AT CASA BLANCA

Eight Frenchmen Killed and Seventeen Wounded—Losses of the Attacking Moors Said to Have Been Something Enormous.

Paris, Sept. 5.—Foreign Minister Pinchon has announced that a note had been sent to the powers informing them that the Moroccan minister of war, Mohammed Gabbas, upon being asked if he could guarantee the lives of European instructors to the proposed police force, according to the terms of the Algeiras convention, had replied in the negative. It would therefore probably be necessary to organize a police force with Frenchmen and Spaniards.

This is taken to mean that France and Spain may be obliged shortly to land detachments of troops at the Moroccan seaports.

The Figaro says humanity demands that parliament be especially summoned. It is not right that a few ministers invested with a sort of dictatorship by reason of the vacation of parliament should alone decide for the nation at such a crisis, which may entail serious diplomatic and military consequences.

In a dispatch from Casa Blanca, the correspondent of the Figaro says that Major Prevost of the First battalion of the foreign legion, who was killed in the fighting of Monday, had been rebuked by General Druce on Aug. 28 for a slight tactical error. He exposed himself recklessly in Monday's fight with the object of regaining the reputation he fancied he had lost and to this act his death is attributed.

Continuing, the correspondent says the fighting lasted for ten hours, during four of which it was very hot. The Moors showed great skill in making use of the cover at hand to protect themselves from the shell fire. They evidently profited from their past experiences.

EIGHT FRENCHMEN KILLED

Moors Lost Heavily in Recent Fight at Casa Blanca.

Casa Blanca, Sept. 5.—Eight Frenchmen were killed and seventeen wounded in an engagement Monday outside the camp. The dead include Major Prevost of the First battalion of the Foreign legion and Lieutenant Benizas of the Second battalion of Algerian sharpshooters. The Moors concentrated the largest force they had yet mustered in this vicinity and returned to the attack again and again after encountering the deadly fire of the French artillery and machine guns. The enemy's losses are described as enormous. The fighting was started by an attack made by the Moors on a French scouting party.

About 6,000 Moors participated in Monday's fight. The Moors, who were repulsed on all sides, made a most impressive picture as, garbed fantastically, mounted on white horses and carrying their banners in the front line, they swept down from the hills in splendid formation and charged thunderously to within about 400 yards of the French camp, which for a moment seemed to be in danger of being overthrown. As they advanced the Moors chanted in unison verses from the Koran.

PUBLIC IS DISTURBED.

France Shocked by News of Severe Fighting in Morocco.

Paris, Sept. 5.—The news of Monday's sanguinary engagement near Casa Blanca has shocked as well as disturbed the public. The Moroccan situation is steadily growing worse and although France is constantly victorious the dogged, fanatical resistance of the Moors, who appear to be mobilizing in large numbers, may necessitate a distinct enlargement of the allied forces in order to bring the fighting to an end.

The fierce assaults of the enemy are believed to be due to France's failure to annihilate the Moors during the last stages of the expedition, a result which France was unable to accomplish on account of the restrictions imposed on her by the Algeiras convention.

PREPARING FOR TROUBLE.

Russians Anticipate a Grave Crisis in Finland.

St. Petersburg, Sept. 5.—Should the Finnish diet, as is generally anticipated, refuse to vote Finland's contribution to the military expenditures of the Russian empire for 1906-07, a grave crisis will be inevitable.

According to information from Finland, the Russian military authorities have ordered a complete topographical survey of the grand duchy to be made. The troops have arrived at Helsinki and other towns and the garrisons in the grand duchy are held in readiness to cope with any emergency.

Priest Took Church Funds.

Rome, Sept. 5.—The Courriere d'Italia is authority for the statement that a priest attached to the church of Santa Maria Magdalena, impelled by his desire to visit the United States, embezzled \$24,000 of the church funds and disappeared. He is supposed to have started for America.

TALKS TO LETTER CARRIERS

First Assistant Postmaster General Hitchcock Attends Convention.

Canton, O., Sept. 5.—First Assistant Postmaster General Hitchcock had a strenuous day at the convention of the National Letter Carriers' association. In addition to delivering an address he gave to every delegate of the association and of the ladies' auxiliary the privilege of shaking his hand. Mr. Hitchcock was welcomed to Canton by an escort of 1,000 people, accompanied by carriers' bands from Brooklyn, Boston, St. Louis and Chicago. He was entertained at luncheon by Postmaster Clark of Canton and at dinner at the Country club. Accompanied by Dr. Holmes, secretary of the postmaster general, Mr. Hitchcock left here for Peoria, Ill., to attend a convention of postal clerks.

In his address here Mr. Hitchcock spoke of legislation in prospect for the betterment of the carriers, saying that he is with the men in their efforts to get better pay. He referred to the promotion of Mr. Morgan to the postmastership of New York city, declaring "President Roosevelt believes in recognizing merit by taking men of worth from the ranks and placing them in positions of trust."

PANIC IN A THEATER.

Film of a Moving Picture Machine Catches Fire.

Kankakee, Ill., Sept. 5.—The audience of 1,000 in the Bijou theater was thrown into a panic here Wednesday night when the film of a moving picture machine in a room back of the stage caught fire. Someone shouted "fire" and everybody made a rush for the exits. Many persons were knocked down in their excited efforts to reach the street.

The entire company came on the stage and sang a song to quiet the fears of the audience, but it proved unsuccessful and as the flames shot out from the picture room the players themselves made hurried exits.

After quiet had been restored the audience filed back into the theater and the performance was begun all over again.

Firemen Overcome by Smoke.

Auburn, N. Y., Sept. 5.—A dozen firemen were overcome by smoke in a factory fire here. The damage is \$100,000.

TELEGRAPHIC BREVITIES.

The attendance at the Minnesota state fair Wednesday was about 45,000.

Commander Winslow Allderice, U. S. N. (retired), died suddenly at New London, Conn., Wednesday. He was fifty-three years old.

The triennial convention of the missionary district of the Episcopal church in South Dakota is in session at Yankton with Bishop Hare presiding.

The eighth annual convention of the Chief Car Inspectors and Carmen's association opened a two-day session at Chicago Wednesday with 400 delegates present.

Complies with the pure food laws of every state

CALUMET BAKING POWDER

HEALTH ECONOMY

Calumet is made of the finest materials possible to select, and makes light, easily digested bread, biscuits or pastry; therefore, it is recommended by leading physicians and chemists.

In using Calumet you are always assured of a good baking; therefore, there is no waste of material or time. Calumet is put up in air-tight cans; it will keep longer than any other Baking Powder on the market and has more raising power.

It is so carefully and scientifically prepared that the neutralization of the ingredients is absolutely perfect. Therefore, Calumet leaves no Rochelle Salts or Alum in the food. It is chemically correct.

ELEVATOR ETIQUETTE

Strange System in Vogue at a Washington Federal Building.

BELLS TELL RANK OF RIDERS

If a Major Is in the Car and a General Calls the Former Must Wait For the Latter—All Yield to a Secretary. "Two Bells" Call of High Officer.

The trials and tribulations of the conductors on the many different elevators in the state, war and navy building in Washington, says the Post of that city, are many. It takes more than a common school education to be a success at this job. To be sure, at all times and in all circumstances the operator must be the personification of politeness, but it is in his acquaintance with the many different officials and with the hundreds of military and naval officers on duty in the big granite building that his knowledge is valuable.

There is as much etiquette on one of these cars on a busy day as one would find at one of the big dinners at the White House across the way, where the sitting of the guests around the festive board is one of rule or social priority.

The approach of the secretary of state, of war or of the navy in the direction of one of these lifts is signalled by all the messengers or war veterans along the line who guard the approaches to the biggest office building in the world or watch over its corridors.

So, at the sound of "three bells" on the push button (a secretary's call), no matter who is on the elevator, be he an admiral or a general, the lever is reversed. Down or up it goes, as the indicator reads, the car door is quickly and quietly opened and the secretary is taken in and carried at once to the floor of his destination, for there is no stopping at the floors to take on or let anybody else off.

Now comes the time when the keen discretion of the conductor—his remembrance of faces and his knowledge of ranks of army and navy officers and their precedence—is brought into play.

For instance, a few months ago on the day of a funeral of a general officer the building was alive with officers in full dress uniform on their way to St. John's church to attend the ceremonies.

A major of cavalry from Fort Myer, Va., having business at the quartermaster's department, was on the elevator and was being shot up to the third floor when the sharp ringing of "three bells" announced the secretary of war at the ground floor. Down went the elevator. The big secretary and the little major saluted, and before the salutation was over "two bells" rang, meaning that an officer of high rank wished to ride in a jiffy.

The secretary, of course, was "it," and accordingly was ushered out at the second floor, first by all means.

Then up flew the elevator to the fourth floor to answer the "two bells" to take on a brigadier general who desired to descend to the street floor. More saluting by the major. Down shot the elevator. The brigadier departed, and the major, who had been carried past his destination twice, now breathed a sigh of relief, but just then "two bells" (an officer's call) rang again on the second floor, and this time the chief of staff, with the rank of major general, got aboard, and down the major went again, salute and all.

After the chief of staff went, the ever polite conductor turned to the junior officer and, observing his rank and insignia, said, "Major, what floor, please?"

"The third, please," replied the belated officer, "but the next time I want it I'll walk."

This is a daily occurrence in the big granite building, and oftentimes the clerks are carried up and down, up and down, until every officer is properly disposed of before they can reach their destination.

TO DINE WELL EAT PEANUTS.

More Food in Them Than in a Big Porterhouse, Says Professor.

Professor N. E. Jaffa, the nutrition expert of the State university at

Berkeley, Cal., has issued a bulletin saying 10 cents' worth of peanuts contain more protein than a meal of roast beef and six times the amount of energy involved in a big fat porterhouse steak.

Professor Jaffa punctures the old idea that salt eaten with nuts makes them more easily digested, says a Berkeley dispatch to the New York World. He also explains why nuts seem to upset the digestive organs.

"With the exception perhaps of dried beans and cheese no food material has such a reputation for indigestibility," he says. "Discomfort from nuts is largely due to insufficient mastication and from eating them when not needed, as after a hearty meal or late at night."

PRIMITIVE ANCHORS.

Stones and Wooden Tubes Filled With Lead First Used.

There appear to be two ideas which have led up to the invention of the modern anchor—first, that of attaching the vessel by means of a rope or chain to a weight sufficiently heavy to keep the vessel from moving when the weight has sunk to the bottom of the sea, and, second, that of using a hook instead of or in addition to the weight, so as to catch in the bottom. The English word anchor is practically the same as the Latin ancora and the Greek ankura, meaning "that which has an angle," from the root ank, bent.

The earliest anchors made on the hook principle probably only had one fluke instead of two. In the "Sussex Archaeol. Coll." there is an illustration of what has been surmised to be an anchor made out of the natural forked branch of a tree. It was found with an ancient British canoe at Burgham, Sussex. There is in the British museum an interesting leaden anchor with two flukes bearing a Greek inscription. Its date is about 50 B. C., and it was found off the coast of Cyrene.

The invention of the anchor with two flukes is attributed by Pausanias to Midas, by Pliny to Eupalamas and by Strabo to Anacharsis. Diodorus Siculus states that the first anchors were wooden tubes filled with lead, while another classical writer says that before the introduction of metal anchors lumps of stone with a hole through the middle for the attachment of the cable were used.

The form of the anchors used by the Greeks and Romans is well known from representations on Trajan's column and in the catacombs at Rome as an early Christian symbol. This form does not seem to have changed materially for quite a thousand years, as is shown by the Bayeux tapestry.

Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John E. Fife one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (Helenias Dioica) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "in Helenias we have a medication which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fife further says: "The following are among the leading indications for Helenias (Unicorn root). Pain cramping in the back with leucorrhoea; atonic (weak) condition of the reproductive organs of women, mental depression and irritability, associated with chronic disease of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhoea (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs and systemic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, the inclusion of Unicorn root in Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helenias, and the medicinal properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhoea (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.
